EDUCATION

(B.S.) in Biology

University of Houston

2018

Electrical Power Engineering Technology Minor

University of Houston

2018

Skills

Hardware repair/replacement

Web Design

OS/Dual-boot installation

Microsoft Office 365

Hypervisor/Virtual Machines

Homelabs & Pentesting

Certification

CompTIA A+

Public Verification Code:
9BH6E21FVPB41F5H

Oct. 4, 2021

STATEMENT

I was raised in a household consisting of my parents, 3 siblings, and 1 family computer in the 90's - 2000's. That bulky, slow, beige computer was my introduction to electronics in general. Unfortunately, being the youngest of my family, I was also the scapegoat to all the issues that pc had. Where my parents were tech-illiterate and my siblings were using µTorrent, I had to learn how to fix said computer or be grounded for "downloading viruses from Cartoonnetwork.com." Ironically, I am now the family computer guy; when they have issues with their computer, they now ask me for my help.

WORK EXPERIENCE

2019 - 2021

Lab Technician // Harris County Public Health

Mosquito lab maintenance, sorting, trapping, collection, and testing. Additional projects include sterilization, dissection, measurement and data analysis of mosquitoes.

2017 - 2018

Baker // Nothing Bundt Cakes

To bake all sizes and flavors of cakes offered by Nothing Bundt Cakes according to set standards, recipes and styles as well as keeping the baking station clean, sanitized and running efficiently, track inventory and order baking materials.

2013 - 2014

Busboy // World of Beer

Clearing tables.
